Questions I need to answer to complete this project:

How will I measure and track my progress?

For Revenue Projects:

Do I have a marketing sequence?

Do I need to develop this product before selling it?

Do I need to develop content to support the marketing?

Do I need to develop sales materials?

Who is my support team for this project?

What sources of information may I need to access for this project?

What else do I need to consider to make this project a success?
